## CAREER OBJECTIVE

Computer Science Engineering graduate seeking an entry-level software development role. Interested in developing practical applications and applying academic and project experience to real-world software development. Looking to begin a career in a growth-oriented organization and contribute to meaningful projects.

## TECHNICAL SKILLS

### Programming Languages

Core Java, Advanced Java, SQL

### Web Technologies

HTML, CSS, JavaScript

### API & Development Tools

REST APIs, Postman, GitHub, Maven, SQL\*Plus, SDLC

### Java Technologies

JDBC, Hibernate (JPA), Servlet, Spring Core, Spring MVC, Spring Boot

### Databases

Oracle SQL, PostgreSQL

### IDEs

VS Code, Eclipse, IntelliJ IDEA

## PROJECTS

- Brain Tumor Detection and Classification** 🔗 , 2025  
*Deep Learning, Python, TensorFlow, Keras, VGG16, OpenCV, Gradio*
  - Developed a deep learning model to classify brain MRI images into Glioma, Meningioma, Pituitary Tumor, and No Tumor.
  - Built a simple interface for MRI image upload and prediction display.
- Home Services Hiring Platform | GitHub** 🔗 , HTML, CSS, 2026  
*JavaScript*
  - Built a web app to connect users with workers for home services like plumbing and cleaning.
  - Implemented search, category filtering, and worker profiles for easy booking.
  - Designed a responsive UI for smooth user experience across devices.
- Bank Management System | GitHub** 🔗 , 2026  
*Java, Spring Boot, Spring Data JPA, PostgreSQL*
  - Developed a modular banking backend with RESTful APIs for user, customer, account, beneficiary, and transaction management, supporting core banking operations and reliable data persistence.
  - consistent financial transaction processing to build a scalable and maintainable backend architecture.

## INTERNSHIP

**Java Full Stack Intern, JSpiders** Onsite  
Worked on backend development by building application functionalities and handling data through hands-on projects. Developed and tested backend features based on project requirements and improved understanding of application workflow.

## CERTIFICATES

- Artificial Intelligence Fundamentals - IBM SkillsBuild
- AI Ethics - IBM SkillsBuild
- Java Full Stack - Jspiders
- NLP - IBM SkillsBuild

## EDUCATION

**B.E - Computer Science of Engineering,** 2022 – 2026 | Bangalore  
*Impact College of Engineering and Applied Science*  
CGPA: 7.84 /10

**PCMB, MES PU College** 2020 – 2022 | Bangalore  
58.17%

**SSLC, Blooming Glories High School** 2019 – 2020 | Bangalore  
81.28%

## LEADERSHIP & ACTIVITIES

Volunteered at a Mega Job Fair, supporting recruitment coordination, candidate management and event execution.
